

Project Code: 89	Country: Solomon Islands	Sector: Accommodation
Objective: To produce a five year development plan		
THE BUSU TOURIST RESORT		
<p>Brief Description: The main building has been completed in four sections. Power and water are installed. The building requires renovation. An ablution block with showers is needed. The main accommodation building is to be built on an adjoining site.</p> <p>Economic impact: The Busu Tourist Resort has been operating for 20 years. During this time it has contributed to the rural area economies through food, transportation and artefacts. A renovation and expansion is required.</p> <p>Present Ownership: The land title is registered as a fixed term estate in the name of the operator.</p> <p>Development Possibilities: The owner believes that because of the experience and location of the guest house there is a strong opportunity for a good return on the investment.</p> <p>Estimated Development costs: US\$400,000 of which US\$300,000 appears to be available.</p> <p>Financing framework: The additional funding appears to be a redistribution of current liability.</p> <p>Other notes:</p>
